Do you help to lead a meetup in your city? Here are some ways you can improve gender inclusion.

1.

Use The List

Plan your meetups around the cause. Go out of your way to include one more female speaker than you did last year.

2.

Share The List

It's only as good as the women on it. Share this with women and non-binary people in your life that you think are or would make great speakers. Or just blast it on social media.

3.

Commit

Include a Code of Conduct, as are a very easy way to think about and show your meetup's commitment to diversity.

4.

Reproduce

Start a WeSpeakToo list for your city. Or add to your city's dataset.

Tell Your Friends

Share this with women and non-binary people in your life that you think are or would make great speakers.
